

Building Blocks of the Future 2016

2nd Czech-German Workshop on Nanotechnology Entrepreneurship

DATE **June 14, 2016**
(11:00 – 17:00)

VENUE **Fraunhofer IWS**
Winterbergstrasse 28
01277 Dresden
Germany

Based on last year's success in Prague, this year's conference will take place in Dresden.

Learn about the success stories of Czech and German nanotech companies in four different areas of application.

Gain insight about cross-border high-tech business opportunities. Meet nanotech entrepreneurs who have made it from the lab to the market.

Topics will cover the impact of nanotechnology on medicine, energetics, materials and analytical tools.

Speakers include Liliana Berezkinova (CEO, Nanopharma), Renate Schönebeck (CEO, neoplas tools), and Tomas Tethal (CEO, IQ Structures) among others. Hope you will join us in Saxony's capital!

More to be announced soon!
